Brookstone Builders, Inc. Completes American Alarm & Communications Project

MANCHESTER, NH – (August 5, 2014) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed a renovation project for **American Alarm & Communications, Inc.** of Manchester, NH.

The scope-of-work involved the complete renovation of a newly-acquired 7,200 square-foot building on Zachary Road in Manchester. In addition to new walls, ceilings, flooring and interior finishes, various electrical and mechanical updates were also made to meet code requirements and to satisfy the demands of the new layout for what is now the company's Sales & Service Center.

Jack Boardman was Brookstone Builders' Project Manager.

"We really enjoyed working with American Alarm and Communications," said Brookstone Builder's President **Paula Scales**. "Their organized approach and open communication enabled our crews to maintain work schedules more easily, and the project moved along smoothly and on schedule."

Now New England's largest independent security systems integration and monitoring company, American Alarm & Communications, Inc. was founded in 1971 by three engineers from the Massachusetts Institute of Technology (MIT) who have worked to bring the benefits of new technology and systems to their customers.

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects. For additional information please contact Ms. Paula Scales at (603) 641-9455 or visit www.brookbuild.com.
