Brookstone Builders, Inc. Awarded Renovation Project by Lantheus Medical Imaging, Inc.

MANCHESTER, NH – (September 24, 2018) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a renovation project by **Lantheus Medical Imaging, Inc.**

This project will involve the renovation and combining of two clean rooms at Lantheus Medical's Billerica, Massachusetts campus. The scope of work will include interior demolition, installation of new drywall, insulation, acoustical ceilings, and floors, the relocation of ductwork for enhanced ventilation, lighting upgrades, as well as masonry and finish work.

"We are most appreciative of our relationship with Lantheus Medical Imaging and of this particular project award," said Brookstone Builder's President **Paula Scales**. "Our crews are well-experienced in both clean room construction and working in-and-around occupied space, which is often part-and-parcel with renovation work, and which requires enhanced safety, noise control, scheduling, and dust abatement protocols."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
