Brookstone Builders, Inc. Awarded US Navy Design/Build Project

MANCHESTER, NH – (March 25, 2015) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a design/build renovation project by the **US Navy**.

The project will involve exterior envelope repairs at an existing industrial building at the Portsmouth Naval Shipyard. The scope-of-work will include a total roof replacement with insulation upgrades for added efficiency, historic brick repair and rebuilding, construction of new entry-ways with roof canopies, installation of new Kalwall windows, installation of a new exterior access stairway to the roof, and related site work.

Mark Gemmiti will be Brookstone Builders' Project Manager, and the architect will be **Gale Associates** of Weymouth, Massachusetts. The building will remain in full 24/7 operation during the renovation.

"We have always valued any opportunity to work with the Navy, as we are appreciative of their streamlined and straightforward process and open communication," said Brookstone Builder's President **Paula Scales**. "Our crews are also well-suited to working around occupied space, as they are able to adhere to the heightened safety, noise-abatement, and dust control protocols."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
