

**FOR IMMEDIATE RELEASE**

## Brookstone Builders, Inc. Completes US Navy Shipyard Project

**MANCHESTER, NH** – (January 28, 2015) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed an energy conservation and renovation project for the **US Navy** at the **Portsmouth Naval Shipyard**.

The scope-of-work involved a refit-up of an existing building at the shipyard, including the installation of a new energy-efficient roof with restored trusses, historical window restoration,

installation of storm windows and the reconstruction of a roof monitor, along with new mechanical and electrical systems. All work conformed to historical building restoration standards.

Brookstone Builders was the project's sub-contractor, with **CCI Solutions** of Augusta, Maine serving as the primary contractor.

**Erik Crisman** was Brookstone Builders' Project Manager.

"We once again enjoyed working with CCI Solutions," said Brookstone Builder's

President **Paula Scales**. "And we have always valued any opportunity to work with the Navy, as we are appreciative of their streamlined and straightforward protocols and open communication."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects. For additional information please contact Ms. Paula Scales at (603) 641-9455 or visit [www.brookbuild.com](http://www.brookbuild.com).
