

FOR IMMEDIATE RELEASE

## Brookstone Builders, Inc. Completes Ellacoya State Park Renovation Project

**MANCHESTER, NH** – (May 2, 2022) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed a renovation project for the **State of New Hampshire Department of Natural and Cultural Resources**.

The project involved a complete renovation of the bathhouse at **Ellacoya State Park**, a public recreation area located on the southwest shore of Lake Winnepesaukee in Gilford, New Hampshire.

The scope of work included select demolition and the installation of a new roof, siding, railings, floors, walls, and plumbing fixtures along with some mechanical and electrical upgrades.

“We have enjoyed a long-term business relationship with the State of New Hampshire,” said **Paula Scales**, Brookstone Builder’s President. “Over the years we have found their straightforward communication and reliable work processes have facilitated easier project management and on-time, on-budget completions.”

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, with a strong focus on health care, biopharma, manufacturing, commercial office space, and government facilities. The firm has also developed significant expertise in specialty and renovation projects that are performed in and around occupied space, which require enhanced planning, scheduling, and safety protocols.
