FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Awarded Statehouse Renovation Project

MANCHESTER, NH – (September 6, 2022) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a renovation project by the **State of New Hampshire**.

The project will involve a heavy HVAC upgrade at the Statehouse on North Main Street in Concord, New Hampshire.

The scope of work will include major HVAC system renovations, mechanical and electrical upgrades, and extensive architectural millwork.

Mark Brockelman will serve as Brookstone Builders' Project Manager and the project's architect will be **Oak Point Associates** of Portsmouth, New Hampshire and Biddeford, Maine. In addition, **McFarland-Johnson, Inc.** of Concord New Hampshire will serve as the project's Mechanical & Electrical contractor.

"We appreciate this award and our relationship with the State of New Hampshire," said **Paula Scales**, Brookstone Builder's President. "Our crews are especially well-suited to this type of renovation as well as with the heightened safety and scheduling protocols associated with working in and around occupied space."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
