

FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Awarded US Navy Shipyard Project

MANCHESTER, NH – (May 11, 2015) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been selected to perform a repair and renovation project by the **US Navy**.

The project will involve emergency repairs and improvements to a historical circa 1899 building at the **Portsmouth Naval Shipyard**. A broken pipe caused substantial water damage throughout the structure, and the scope-of-work will include abatement, selective demolition along with the installation of new ceilings, floors and walls, electrical and mechanical system upgrades. Upon the project's completion the facility will serve as temporary housing for incoming military personnel.

Erik Crisman will serve as Brookstone Builders' Project Manager, and Brookstone Builders will be the sub-contractor on this project, with **CCI Solutions LLC** of Augusta, Maine serving as the primary contractor.

"We appreciate our professional relationships with the Navy and CCI Solutions," said Brookstone Builder's President **Paula Scales**. "We have always valued construction opportunities at the Shipyard, and truly enjoy working with CCI's streamlined processes and straightforward protocols for communication."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
