

FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Awarded US Navy Shipyard Project

MANCHESTER, NH – (November 10, 2014) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been selected to perform a design-build renovation project by the **US Navy**.

The scope of work involves improvements to the building-envelope of an existing structure at the **Portsmouth Naval Shipyard** that will include new exterior access stairs and new affixed-ladders for roof access, a new drainage and collection system to manage roof run-off, masonry stone work to support a new roof, the removal of granite cap-stones so that new copper flashing can be installed, the replacement of existing windows with new, energy-efficient Kalwall windows, and the construction of a new entry-way with an overhead awning.

Mark W. Gemmiti will serve as Brookstone Builders' Project Manager, and Brookstone Builders will be the sub-contractor on this project, with **CCI Solutions** of Augusta, Maine serving as the primary contractor.

"We appreciate our relationship with both the Navy and CCI Solutions," said Brookstone Builder's President **Paula Scales**. "We have always valued any opportunity to work at the Shipyard, and are especially appreciative of CCI's streamlined processes and straightforward protocols for communication."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
